

Pond Lite

Cat. No. POND
Cat. No. POND/W

The Pond Lite is fully submersible and is adjustable on two planes. The luminaire is ideal for illuminating sculptures or other water features. A version with a weighted base is available, allowing the luminaire to be placed in the pond without drilling fixing holes to mount it. It is supplied with a 3 metre (10ft) submersible cable.

This luminaire is machined from a choice of 10mm solid aluminium with a UV stable powder coated finish, solid copper or 316 stainless steel with a clear, tempered, flush glass lens and high temperature silicon gaskets.

CAUTION! Do not use the copper fixtures in fish ponds!
